

Here is a list of the books I have read from my early youth to the present day. The books highlighted in yellow are my “favorites” (books I have read many times over a long period of time). The English version of the title is listed under the Czech one.

*There are no listing books I have read for school or university, but only those I have read for pleasure.*

ČÍSEL HRA KOUZELNÁ, Adler I.

The giant book of mathematics

TAJEMNÝ ROZMĚR ČAS, Pleskotová P.

The mysterious dimension of time

PŘÍRODA, kol.

Nature

BOTANIKA, kol.

Botany

CHEMIK DETEKTIVEM, Čajda I.

A chemist as a detective

CHEMIE Z VLASTNÍCH POZOROVÁNÍ, Grosse E, Weismantel Ch.

Chemistry from Personal Observations

CHEMIE, FYZIKA, ASTRONOMIE, kol.

Chemistry, Physics, Astronomy

TECHNIKA, kolektiv

Technology Man Remakes His World

VESMÍR, Grygar J., Horský Z., Majer P.

The universe

LOGIKA, Jauris M.

Logics

OBJEVY BEZ KONCE, Westaway

Endless discoveries
